504.001: Introduction

Persons applying for or receiving MassHealth must verify their citizenship and identity or immigration status. Citizens and nationals who receive Supplemental Security Income (SSI), Social Security Disability Insurance (SSDI) based upon disability, or Medicare (including those who are entitled to Medicare), and children in receipt of either Title IV-B services or Title IV-E adoption assistance or foster care payments do not need to submit verification. In addition, a child born to a woman who is eligible for MassHealth on the date of the child's birth is exempt from providing citizenship and identity verification as described in 130 CMR 504.004(E).

504.002: U.S. Citizens Requirements(A) Citizen.

(1) Definition of Citizen. A citizen of the United States is

(aA) an individual who was born in the United States or its territories, including Puerto Rico, the Virgin Islands, Guam, and the Commonwealth of the Northern Mariana Islands, (CNMI) except those born to a foreign diplomat, and who otherwise qualifies for U.S. citizenship under § 301 et seq. of the Immigration and Nationality Act (INA);

(bB) an individual born of a parent who is a U.S. citizen or who otherwise qualifies for U.S. citizenship under § 301 et seq. of the Immigration and Nationality Act;

(cC) a naturalized citizen; or

(dD) a national (both citizen national and non-citizen national) as defined in 130 CMR 504.002 (AD)(1)(d)-(i1) or (#2).

(i1) Citizen National. A citizen national is an individual who otherwise qualifies as a U.S. citizen under § 301 et seq. of the Immigration and Nationality Act (INA).

(#2) Non-Citizen National. A non-citizen national is an individual who was born in one of the outlying possessions of the United States, including American Samoa and Swain's Island, to a parent who is a non-citizen national.

(2) Acceptable Proof of Citizenship and Identity (Level 1 Primary Verifications). Primary verifications satisfy both citizenship and identity requirements. Verification from 130 CMR 504.002(A)(2) must be submitted if available during the eligibility determination process. Applicants and MassHealth members who were not U.S. citizens at birth must submit verification from 130 CMR 504.002(A)(2). Children born outside the United States and adopted by U.S. citizens may establish citizenship using the process established by the Child Citizenship Act of 2000. The following documents may be accepted as proof of both citizenship and identity because each contains a photograph of the individual named in the document, and the citizenship and identity of the individual have been established by one of the following:

— (a) U.S. passport;

— (b) Certificate of Naturalization (DHS form N-550 or N-570);

— (c) Certificate of U.S. Citizenship (DHS form N-560 or N-561); or
